SIX KILLED IN SOUTHERN STORMS

LINDY LANDS IN OAKLAND AIRPORT

OAKLAND, March 22.—UP—The maiden voyage of the largest passenger plane ever brought to the Pacific coast was completed successfully late today when the Lindbergh late today when she arrived here from Los Angeles with 16 passengers in the "Keystone Pacific."

A usual, unfavorable weather conditions did not hamper the trans-Pacific flyer. Intermittent showers and strong head winds that at times reached gale proportions made the journey nearly an hour and a half longer than average but the passengers maintained they had a pleasant trip.

Lindbergh left the southern city at 10:35 a. m. and landed at Oakland airport at 3:35 p. m. making the elapsed time four hour and a half.

He was ever Fresno, the half way point at 1 p. m. and was seen by residents of Tracy at 2:35 p. m.

Among his passengers were Harry Guggenheim of the Guggenheim aviation foundation and William Stewart, executive of an oil company.

He spent more than half an hour inspecting his plane after he landed. He did not comment as to how long he would remain in the San Francisco bay region but was expected to stay overnight with personal friends.

3 BELL BOYS IN RUM NET

CHICAGO, March 22.—UP—Three bell boys were arrested today when prohibition agents raided the Congress hotel after undercover men had secured five others were sought by the agents tonight.

The Congress is one of the largest hotels in Chicago. George Hurlbut, who led the dry agents has asked U. S. District Attorney George E. Q. Johnson to find out whether the hotel management was connected with the supposed liquor traffic.

E. C. Yellowley, prohibition director, lives at the Congress.

Woman Driver Hurt In Crash

Mrs. W. W. Norton, 785, Lassen street, Richmond received abrasions and lacerations when the car in which she was driving crashed into the gutter at Ninth street and Cutting boulevard.

According to a report made to police, Mrs. Norton, the driver who was alone in the car, apparently misjudged the distance and crashed into the culvert.

Chief of Police Dan Cox who came along the street a few moments later, took Mrs. Norton to the Abbott Emergency hospital where she was given first aid treatment and later removed to her home.

Richmond Man Heard On Radio

R. D. R. "Rudy" Turk, night dispatcher at the Key System Transit company's office here, was a featured artist on the minstrel show program presented by radio station KTAB last night. Turk appeared between the hours of eight and nine o'clock.

The local man has been featured on the KTAB minstrel every Friday night and has made a hit with the radio fans of the bay regions.

Georgia In Grip Of Floods

SCENE in McIntosh county, Georgia, where the Altamaha river burst its banks, making thousands homeless and heavily damaging the valley. This is part of the general flood in the southland in which many have been killed and millions have been lost in property damage.

RICHMOND FIGHTS RATE RAISE HITTING PLANTS

Richmond industries will be hit if the Southern Pacific railroad company is granted its request to lower rates between Richmond and the Pacific coast, and Richmond is not alone as a city. J. A. McVittie, city manager, stated yesterday afternoon that the city is not alone in its fight against the rate increase. He pointed out that the Southern Pacific is asking for the rate cut, including practically every city in the San Francisco bay area and near Los Angeles but omitted Richmond.

Should the new rate be granted which will give the railroad an opportunity to compete with water transportation rates local industries will have to pay high rates.

Representatives at the meeting held in Portland included San Francisco, Portland, Seattle, Tacoma, and Vancouver.

CARD STUDENT DIES IN CRASH

SAN JOSE, March 22 (U.P.)—One Stanford student was killed and another was seriously injured when the automobile in which they were traveling to their homes in Santa Maria was struck by the Del Monte express train near here today.

Donald J. Jones, a junior, received fatal injuries in the accident which apparently was caused when the motor stalled. Albert C. Perkins, a senior, was seriously hurt.

Child Stricken Parents Forced To Abandon Tour

PINOLE, March 22.—Mr. and Mrs. Thomas B. Fernandez of Pinole, with all arrangements made for a several months tour of eastern states, Florida, Cuba and Panama, were forced to abandon their proposed trip yesterday when their five year old daughter Anita, was suddenly stricken. The child was taken to the Children's hospital in Oakland, where she underwent an operation for miasoids.

THREE POLICE COURT TRIALS BY JURY SOON

It never rains, it pours, or something like that, Police Judge C. A. Odell remarked yesterday as he made preparation for three jury trials to be held in his court next week.

Incidentally no jury trial has been held in the police court here for months and now come three all in a bunch. Four defendants have demanded that a jury of their peers be named to decide their guilt.

The first of these trials to be held on Tuesday will probably be a double trial with Manuel Martin and Mary DeSouza, both facing a charge of battery. These defendants may be tried separately, but indications now point to a double trial. Martin's complaint was sworn to by Anne Borroni and Miss DeSouza's complaint was signed by Dominica Del Simoni.

The second jury trial will be on Thursday when Carlo Gramzella faces a Wright act violation charge made by a police riding squad.

The third jury trial will take place the following day when Dolores Dana will be tried on a vagrancy charge. Charles Mitchell Dana the woman's husband arrested at the same time in the county jail at Martinez awaiting trial in superior court on three felony counts. The trial date for him has not been set.

MRS. SHARP IN MERCY PLEA

SAN FRANCISCO, March 22 (U.P.)—A woman who conceived two of the most mysterious kidnappings of little girls in the history of California pleaded guilty to child stealing in Superior court today here and asked mercy through probation.

Mrs. Edna Sharp, who caused turmoil throughout the state when she took Baby Dork Virginia Murphy from a local playground three years after she had abducted Barbara Osborn in a local department store, burst into tears as she admitted her guilt.

She did not harm either of the girls and reiterated to the court that she took them only because she "yearned to have a baby to treat as she would one of her own."

Superior Judge Johnson said he would rule on the application for probation April 19.

JUDGE JACOBS HERE

Judge Hiram E. Jacobs, formerly of this city, was a visitor here yesterday while en route to Santa Rosa. Judge Jacobs will be here Monday to close up business affairs which have been pending since his removal to Pasadena.

KAISER IN AUSTRALIA

E. J. Kaiser, former Richmond newspaperman is enjoying a tour of Australia. According to a letter received here yesterday, Kaiser declares that the weather in Melbourne is "very hot."

LEADERS HIT SERVICE HERE

OAKLAND, March 22.—Street car transportation in cities of the east bay has reached a condition where millions are being lost each year through inadequate facilities for residents of the district to be carried at a reasonable price. This was the opinion expressed at a meeting of the East Bay Regional Plan association which last night urged the city council of cities served by the Key System Transit company to immediately provide funds for the employment of experts to make a study of the situation.

Representatives of various cities of the district present scored the policy of the Key System in tearing up tracks and abandoning service in sections sparsely populated, or where the company does not consider the income an adequate return on their investment.

C. L. Traver, past president of the Alameda chamber of commerce, severely scored the policy of the transportation company in its policy of "suspension of service in an effort to economize financially to the detriment of the residents affected."

P. M. Sanford, president of the Richmond chamber of commerce and W. W. Scott, chairman, represented the city of Richmond at the meeting.

Tammany Fails To Name Chief

NEW YORK, March 22 (U.P.)—The executive committee of Tammany failed to name a chief of the party today for a spirited hour and a half today to elect a leader to succeed George Gurney, resigned, without success.

Then they admitted failure and named a committee of seven to wait upon former Governor Alfred E. Smith, Mayor James F. Walker, Surrogate James Foley and Senator Robert Wagner and find out if they can, who would be acceptable to those four pillars of Tammany strength, as a leader.

When the meeting adjourned at 6 p. m. and the announcement of the action taken was made, observers immediately interpreted it as a victory for Smith.

Traffic Through Pinole Rerouted

PINOLE, March 22.—While construction work on the widening of the state highway through Pinole is in progress motorists entering the town from the San Pablo avenue are being directed over a detour. At the edge of town, traffic is being shunted over Greenfield avenue into Ten-nant street and thence to the left and back to the state highway.

S. F. Man Dies During Quarrel

SAN FRANCISCO, March 22.—UP—An altercation over mining stock led to a scuffle here today and in the excitement R. E. Smith, 65, of Fresno, dropped dead.

Irving Greger, a broker told police that Smith had fought to win the argument by force and they wrestled. Heart disease was believed to have caused the death and Brock was released pending outcome of the autopsy.

VISITOR HERE

William Greer of Westwood is a guest at the home of Mr. and Mrs. J. C. Osborn on Carlos avenue.

CREEGER ILL

Henry Creeger, manager of the Sanitary Manufacturing plant here is confined to his home in Mira Vista by illness.

Three Killed In Peoria, Ill., Fire

PEORIA, Ill., March 22 (U.P.)—Three persons were killed and bodies of two others, Frank Lyons and Thomas O'Connor, were found in the ruins of a building destroyed by a fire which destroyed the Peoria market today and threatened an entire downtown block.

The body of E. M. Stover, a night watchman, was reported from the ruins of the market this afternoon, but the flames still raged.

War Head Approves Revised Span Plans

WASHINGTON, March 22 (U.P.)—Assistant Secretary of War Henry today approved revised plans submitted by the Southern Pacific railroad for the construction of a bridge across Suisun Bay near Martinez.

The original plan provided for a southerly approach from Suisun Point (Bullhead Point) by means of two viaduct spans having a combined length of 240 feet, clearance from 10 to 20 feet followed by a lift span of 500 feet and 6 inches connecting at a point 120 feet shoreward of the pierhead line with the two truss spans extending northerly across the bay.

The revised plans increase the number of viaduct spans to five with a total length of 560 feet, 3 inches and decrease the length of the deck spans to 266 feet, 6 inches. This modification makes it possible to increase the vertical clearance from 10 to 20 feet above mean high water.

Longfellow High In Honor Group Awards

Members of the Honor Society of the Longfellow Junior high school were honored at a program yesterday morning in the school auditorium.

Miss Jane Harnden was awarded the highest honor of the day. Her name was engraved upon the Honor Shield. Miss Harnden made 1410 points during the spring quarter.

Room 52 of the school was presented with the Honor society cup. This room averaged 1475 points during the quarter. New members were introduced to the student body by Rutherford Johnson, president of the society.

Woman Saved From Pittsburg Flames

PITTSBURG, Mar. 22.—Trapped in a blaze in her home early today, Mrs. Mary Cocco, 72, an invalid was carried to safety by three firemen.

The fire started suddenly and was caused, according to authorities, by spontaneous combustion. Mrs. Cocco had been bed stricken for years. Her husband, Giuseppe Cocco, 75, struggled to remove her from the burning home but he was unable to carry her.

Fire Chief Charles Sander and Vincent and D. Sander, firemen ran into the blazing home and carried the woman to safety. She was overcome by smoke before they reached her.

Damage to the home is estimated at \$3000.

Dr. T. J. Brenneman, formerly county physician and health officer, is ill in El Cerrito. Members of his family have been called to his bedside. Dr. Brenneman was a pioneer practitioner of Martinez and in recent years has been practicing in El Cerrito.

3 STATES IN TORNADO PATH

ATLANTA, Ga., March 22.—UP—Unseasonal storms which swept through parts of the south took a toll of six lives and caused damage amounting into thousands of dollars.

Bracing rains which fell over a wide belt last night and today were followed by a twisting tornado which swept the Coosa river valley from Alabama across northwest Georgia and into North Carolina, scattering the earth at widely separate points. Hailstorms and a cloudburst were reported from several sections.

Five negro children were killed when the tornado struck a church being used as a school building in Alabama, near Anniston. Eight others were injured, two seriously. One of those killed was John Henry Lee, who was carried half a mile by the wind, succumbing to his injuries.

3 KILLED, SCORES HURT IN GEORGIA GALE

Atlanta, Ga., March 22.—(U.P.)—Three persons were killed and scores were injured by cyclones which struck the little towns of Milledgeville, Ala., and Oostanaula, Ga., today.

The cyclones resulted at Milledgeville, Ala., where a cyclone swept down with a sudden but brief (Continued on Page 5)

FLIER DIES IN FILM THRILLER

HOLLYWOOD, March 22.—UP—Death entered into the filming of "Hell's Angels" one of the most famous films to be made in the air, late today when a huge German Gotha crashed to earth near San Fernando after being put into a sensational tailspin, and took the life of a mechanic.

The dead man is Phil Jones, who could not climb out of the ship in time to make a parachute jump.

Al Wilson, famous stunt pilot and only other member of the crew leapt 5000 feet and landed safely.

The cameras mounted in pursuit ships followed the whirling bomber and recorded the death leap.

The tailspin was intentional, a thriller for movie audiences. The Gotha and its camera fleet had gone up to make the shot.

Martinez Votes Bay Barrier Aid

MARTINEZ, March 22.—A check for \$250 from the Martinez city council to be used in association activities for construction of a Carquinez straits dam was received today by L. E. Mullen, secretary of the Bay Barrier association.

Richmond and Pittsburg recently donated like amounts and the county supervisors have contributed \$500 toward the working fund.

SEEKING FOR CAUSES OF REVOLT

Because Pancho Villa was a rude and uncultured person, and because more than one other prominent in Mexican revolutionary work since Diaz has arisen from the lowly peon class, the impression prevails that the present Mexican rebellion is founded upon the intrinsic ignorance of the people. The Mexican taken as a whole is uneducated, but he is far from ignorant. His mind does not have to encompass literary, scientific and other learning in order to pass into the informed class. About the things which touch his life he is not uninformed, but well qualified to speak.

He is, moreover, a person of innate courtesy, with many little tricks of politeness which our leading college graduates do not by habit use in order to present a polished exterior to a critical world. The lowliest peon uses better grammar than an American high school graduate. His vocabulary is large and his selection of words is amazingly acute. His mind works in concepts expressed in some of the most splendid old Latin phrases. His conversation needs only tone to make it oratorical.

The truth of the basis of rebellions is, we believe, farther to seek. It does not lie in the crudity of the masses, but in the volatility of the character.

No rebellion such as is pestering Portes Gil at this time could have come about if the leadership of the agrarian section had that stability of patriotism which marked the leadership of the defeated democratic party in the American election last fall.

Al Smith's men at arms had everything that the followers of Escobar now possess to make them dissatisfied with the outcome. But they, unlike the Mexican leaders, knew that the right system was to abide by the will of the majority, whereas the Mexican people have never learned that. They fail, because they lack an item of make-up, to observe that the successful candidate probably was fairly elected. Their instant reaction is that if he can, so can they grasp at the presidency. Quick and passionate they do not wait for an election and organize to win it, they seek out the man with the sandals and lead him with all manner of promises into an armed rebellion.

To the rank and file of the rebels, the affair promises beans and tortillas and perhaps some loot.

The next constitutional president—if any—will be elected in November and will take office succeeding Portes Gil, in February, 1930. That is, provided Portes Gil lives and retains his office until the end of his provisional term. Meanwhile there will be strife. Even if the present movement is put down, there will continue to be undercurrents of disaffection.

Outstanding candidates have included: Aaron Saenz, former foreign minister and governor of the state of Nuevo Leon; Pasquale Ortiz Rubio, formerly minister to Brazil; Jose Vasconcelos, former secretary of education; General Antonio Villarreal, former secretary of agriculture; Gilberto Valenzuela, former secretary of education and former minister to London.

Ortiz Rubio was nominated formally by the National Revolutionary party at the city of Queretaro, but only after the Saenz delegates had bolted. Saenz said when the revolution started that he would withdraw from the field to help the Gil administration attempt to stem the revolt.

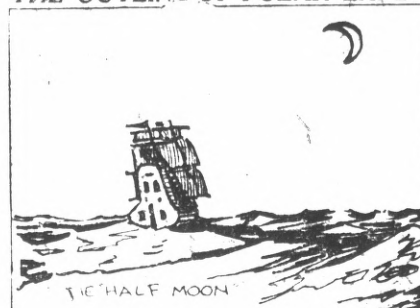

Party names do not necessarily mean much in Mexico. More than 3300 political organizations had entered the election campaign before it reached the military stage.

The National Revolutionary party was formed to perpetuate the policies that began with the Madero revolution that overthrew Porfirio Diaz, dictator for 30 years and that flowered under Obregon and Calles.

The other leading party, the "Anti re-electionist party" was formed to oppose the re-election of Obregon or the re-election of any other president. No such issue is involved so far in this campaign, but the party name persists.

The other parties consist of any groups of men who get together and proclaim that they are a party.

PARENTS ATTEND CEREMONIAL OF WAPO-MEO GIRLS

Members of the Wapo-Meo Campfire Group held an interesting ceremonial yesterday at the City hall. Each girl, as a reward for her efforts in flower planting during the year, was presented with the birthday or flower honor.

The introduction to the ceremonial was presented in a novel way by little Jane Walker. She recited a poem on the Campfire Maiden. Ramona Jones gave a reading entitled "To Seek Beauty" and Vern Fairbanks gave a recitation on "The Planting of the Seed."

As beauty in life is one of the aspirations of the girls, each one told what she had done to seek beauty. Many novel and interesting ways were revealed.

A great many of the parents of the girls were present and enjoyed in particular the Fire Lighting and Fire Extinguishing ceremonies. The fire of love was lighted by Lois Barry, the fire of work by Ramona Jones, and the fire of health by Helen Jackson. After a short final fire of love was extinguished by Harriet Pedretti, the fire of work by Lorraine Slone, and the fire of health by Lois Barry.

The little ceremony was the first of its kind put on by the girls and was carried out in an impressive and interesting manner.

DOCTOR SECRET TO BE TOLD ON SCREEN

"The Doctor's Secret," Paramount's latest all-talking picture, will be the main attraction at the Fox-Columbia theater for two days starting tomorrow. Ruth Chatterton and H. B. Warner, who are featured in the cast, are the stars of the picture.

Miss Chatterton comes to the screen direct from the legitimate stage where she starred for several seasons. Her voice records in an exceptional manner, her stage training standing her in good stead. H. B. Warner, who is a veteran of the stage and whose strong voice record perfectly John Loder, the young British actor, also is an effective piece of work.

"The Doctor's Secret" was produced by the famous stage play of Sir James M. Barrie, "The Doctor's Secret." The adaptation screen play and direction are by William C. deMille, famous stage and screen director.

A veteran of the Seven Seas, as it is in the film of "Scarlet Seas," the newest Richard Barthelmess starring feature produced by First National and to be shown at the Fox-Columbia theater today.

A veteran was a time mariner, head-bulld and stout enough to withstand the thumping beating of the sea. It was originally known as the "Northwest" channel for "Scarlet Seas" and was produced by the famous stage play of Sir James M. Barrie, "The Doctor's Secret." The adaptation screen play and direction are by William C. deMille, famous stage and screen director.

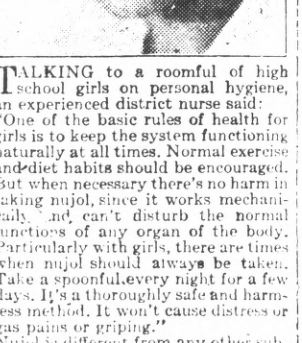

"Scarlet Seas" is an original screen story written by Barthelmess, by Scott Phillips, and adapted to the screen by Bradley King. It was directed by John Francis Dillon.

35,750,000 GALLONS OF WATER DAILY TAKEN FROM RESERVOIRS OF MUNICIPAL UTILITY DISTRICT

During the first 15 days of March, 35,750,000 gallons of water were taken from the reservoirs of the Municipal Utility District, according to a report made by Arthur P. Davis, chief engineer of the district.

The report was as follows: The Board of Directors, East Bay Municipal Utilities District, Oakland, California, Gentlemen:

During the first half of March this district continued the operation of the distributing system purchased from the East Bay Water company and began the practice of sending all bills by mail. Work was continued on designing structures for the connecting system to be built for connecting the mountain water supply with the local distributing system including treatment laboratory and eliminating plant. Work was continued on the layout of service zones for the future distribution system and upon the disposal of materials and supplies purchased from the East Bay Water company. This contract was completed and shows a total appraised value of \$255,550.

During the first fifteen days of March, 35,750,000 gallons of water were taken from the reservoirs of the Municipal Utility District. The clearing of Central reservoir involved the removal of 4000 cubic yards of mud, was completed and the reservoir was put back to service on March 9. Storage reservoirs have been drained and put in condition for cleaning.

Gasoline makes a very tight seal. L. G. Evans, a local resident, who is the National Automobile club champion, has the motor car that he has in mind when he selects a car, which is a matter of course, or other car, or other car.

On March 1, the board reported to the district committee that the average daily draft for the first 15 days of March, taken from the reservoir, was approximately 24,675,000 gallons and that from wells, tunnels and springs 11,675,000 gallons, making 35,750,000 gallons from both sources.

The loss in storage during the first half of March was 127,719,600 gallons. On March 12 the San Lorenzo booster pump was started and this adds to the supply over 1,000,000 gallons per day. The rainfall at the lower San Lorenzo reservoir is about 2.2 inches of the month.

Request was made of the Eden Township County Water District for permission to pump the Roberts Landing wells during March, but this was refused. Permission has been requested to begin pumping these wells on the first of April and no objection to this is anticipated. This will add about 4,500,000 gallons per day to the supply.

Work Progressing The Lock Joint Pipe company continued to make rapid progress on the Wildcat aqueduct and laid 2,962 feet of pipe in the first half of March, making a total of 24,992 feet to date. In the Plaza tunnel 240 feet of pipe were laid in the first half of March, making a total of 374 feet to date, leaving 544 feet of pipe yet to lay in the tunnel.

The Wildcat aqueduct is 7 percent completed and 14 percent of the time has elapsed. This contract will disburse the completed ahead of time.

CONQUEST

BASED ON THE CANDLE IN THE WIND
By MARY IMLAY TAYLOR

Copyright 1928, Warner Bros. Pictures Inc.
'CONQUEST,' starring Monte Blue, is a Warner Bros. pictorialization of this novel.

Every time Diane tried to pour out a cup of coffee for Arthur, she experienced a feeling of awkwardness. It seemed as if she had thrust herself back into a place that was closed to her. He, in turn, regarded her as an outsider, a hostile critic at his own bedside, not his helpmeet and his best friend. As she realized this, she felt the shock of it felt that he, too, had reason to complain. It was harder because they could not speak out and get it over, and find some common ground on which to build up their lives. If it went on like this either it would grow to be intolerable, or...

"I want to borrow some money," said Diane. They would sink into the kind of apathy that she had seen so often with the apathy of a badly married pair, when neither of them has the courage to find a way of escape. "I suppose you're about ready now?" she asked politely, retreating behind the coffee-urn and peering to be busy with her own cup. "I saw that you and Captain Asher seemed to be quite sure of your arrangements." He nodded without looking up from his plate. "We've been ready almost a week. There are only one or two things to delay us now, some changes in the crew at the last minute. It's hard to get tried men to volunteer for the sort of trip we're making." She asserted to that, and tried to finish her breakfast. And, having no appetite, the pretense of eating was difficult. She saw him looking again at his watch—the third time since they had sat down at their meal. "Have you an appointment?" she asked gently. "You seem in a hurry." "I'll be there immediately. I understand that I'm wanted, though I don't know why. But," he hesitated, "before I go I want to ask—your forgiveness." "She was aware of a strange sensation, as if the universe moved under her feet and she was being pulled away from him." "When you say that, you accuse me, too," she replied, her voice breaking a little. "It was worse for me than for you and I was worse for me than for you." "No, not worse for you! I was the man, and I saw more plainly the consequences to you, than the ruin of your purpose, of that beautiful soul that I had worshipped in you. But I got over some of the anguish of losing you, I-I thanked God that I'd done nothing worse, that I could come here still and beg your pardon!" (To be continued.)

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking naps, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when naps should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Naps is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling. It is so pure and harmless. It is so easy. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

MAZATLAN FALL TO REBELS REPORTED

NOGALES, Ariz., March 22.—UP—Reports that Mazatlan, Sinaloa, had been captured by the Mexican rebel forces of Gen. Ramon Iturbe were circulated on the American side of the border today, but could not be confirmed.

No word of the capture had been received by insurgent leaders in Nogales, Sonora.

BRIDGE DELAYS ATTACK ON NACO

NACO, Ariz., March 22.—UP—Reconstruction of a railroad bridge at Santa Cruz tonight was believed to be delaying the proposed rebel attack on the border town of Naco, Sonora, where 800 federal soldiers were entrenched.

There was no indication when work on the structure, hurried by the federals as a defensive measure, would be completed and permit the advance of the 2500 insurgents.

Gen. Lucas Gonzales, commanding the Naco Garrison, was prepared for another all night vigil. Huge searchlights placed at regular intervals on three sides of the town, were to be kept burning through the dark hours.

United States troops under Maj. Charles B. Hazeltine remained at their posts on the American side line, prepared to interfere in the expected battle if American lives or property are endangered.

Major Hazeltine has made a trip through the federal trenches across the line. He reported the town is defended on three sides by a trench which extends in a semi-circle around the town, touching the border at each end.

General Gonzales said that he was fully prepared for the arrival of the rebels, who have been concentrating at Cananea and Del Rio under Gen. Fausto Topete.

Homes Flooded By Freshets

FAMILIES were forced to flee from their homes at Fort Crook, Neb., when streams broke from the winters grip of snow and ice and flooded the streets of the city.

Mausoleum Has Memorial Rooms For Families

One of the outstanding features that attract the interest of the many visitors to Sunset Mausoleum is the arrangement and appointments of the private rooms that serve as family memorial chapels. One of these rooms in the north corridor of Lawn Terrace has just been finished in polished Roman Travertine with the columns and window trim in French Escalette marble. It makes a beautiful and dignified color scheme. The room provides five couch crypts to serve the needs of a small family. There are larger family memorial chapels that provide for twelve to sixteen.

The character and dignity of the Roman Travertine that has been used so extensively along with other imported marbles in the monumental and beautiful community mausoleum in the Berkeley Hills is most impressive. Travertine comes from a river bed in Italy and is the same marble that has endured on the century-old buildings in Europe.

The grand stairway is all in Travertine and there will be a wall seat the entire length of the building. With the inspiring outlook to the Golden Gate and a panoramic view of seven counties, these seats face one of the finest scenic effects to be found anywhere.

Cathedral Hall, the spacious entrance corridor, is also being built with the Roman Travertine. Other corridors, in which the individual and companion crypts are located, are faced with Italian Pavonazetto, a cream white marble with a beautiful design.

The indirect lighting system throughout Sunset Mausoleum throws a soft, even illumination over the marble surface and provides the atmosphere of a great cathedral.

Sunset Mausoleum is open daily and Sundays for public inspection.

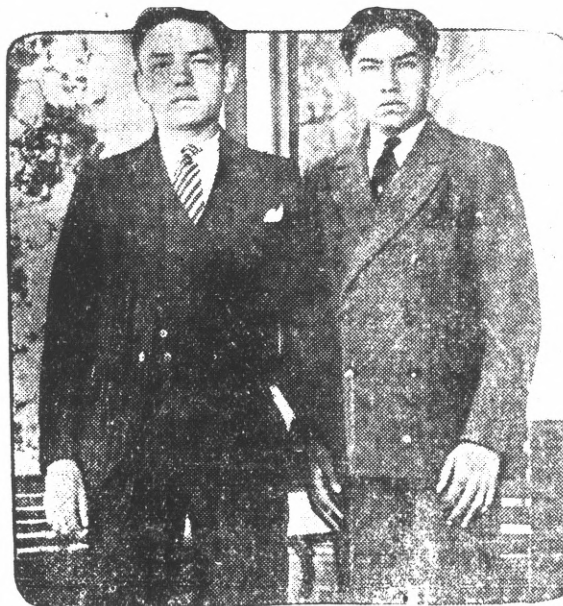

\$10,000 Asked In Heart Balm Suit

MARTINEZ, March 22.—Charging alienation of his wife's affections, Armando Lazzeretti of Richmond today filed suit for \$10,000 damages against Victory Fernella. Lazzeretti alleges that Fernella "exercised undue influence over and made love to his wife, Fern, with the intent of depriving him of her affection, support and society."

He charges that Fernella has carried on his affair with his wife since January, 1928 with the result that Mrs. Lazzeretti filed suit for divorce on Feb. 16, 1929. Will Robinson represents the plaintiff.

fury, demolished a combination church and school house. Two negro children were instantly killed and a third was so badly injured that death occurred while he was being carried to an Anniston hospital.

School House Damaged

Several houses were demolished and the railroad station and a school house damaged at Oostaula, near Calhoun, Ga., when a twister struck this afternoon, injuring five persons.

At Merrellton, nearly a dozen of the injured were treated at Nixon's store, which was converted into an emergency station, while three others were carried to the Anniston hospital. It was reported that two of the victims were perhaps fatally injured.

Blown Half Mile

One negro was severely hurt when he was blown half a mile by the force of the wind it was reported. Considerable damage was done near Maxwellboro, Ala., as the tornado passed on the outskirts of that town.

Some damage was reported from a sleet and hail storm at Lincoln and by a cloudburst near Pell City, Ala., at about the same time that the tornado struck at Merrellton. Six inches of rain was said to have fallen over a period of less than half an hour.

Thirty Women In Panic Over Mouse

MT. VERNON, Ill., March 22.—UP—Thirty-nine women and girls hastily mounted tables and chairs while men attempted to capture a huge rat in a laundry here. A fortieth woman grabbed a broom and poked the chase. The rat did when a male employee accidentally stepped on it.

HOOVER ISSUES IMMIGRATION QUOTAS

WASHINGTON, March 22.—UP—President Herbert Hoover proclaimed the national origins immigration quota limitation tonight to become effective July 1 unless congress intervenes and repeals the provision.

The president is opposed to the new quota basis, but issued the proclamation in compliance with the 1924 immigration act which Attorney General Mitchell held mandatory. Issuance of the proclamation will renew agitation for repeal at the extra session, especially among those racial groups whose quotas will be cut.

Immediately after the proclamation was issued at the White House, Republican Floor Leader Hiram Boren, of Oklahoma, announced that the house would take action at the special session to repeal the measure if the senate adopted a repealing resolution.

Senate Fails To Act

The house voted repeal of the provision in the last session, but the senate failed to act in the face of filibuster threats by Senator Reed, Republican, Pennsylvania. The house must act again because that was the closing session of congress.

The Irish Free State, Germany, Switzerland and the Scandinavian countries will suffer greatest reductions, while quotas of Great Britain, Italy, Austria and Hungary will be almost doubled. The new quotas provide for a total immigration of 153,711 each year, compared with 164,667 under the present law.

Congress twice has postponed operation of the provision, but the movement for repeal in the last session failed. President Hoover was a member of the cabinet commission which fixed the quotas, and from this close contact was convinced the new basis was not equitable. He went on record against it in the campaign.

Following is the official text of the president's statement relative to the new quotas:

Effective July 1

"The attorney general has advised me that in failure of congress to suspend action on the now mandatory upon me under the immigration act to issue a proclamation establishing national origins as the basis of immigration quotas. The proclamation must be issued prior to April 1 and will be issued at once. It will go into effect July 1 unless action is taken by congress in the meantime.

"While I am strongly in favor of restricted and selected immigration I have opposed the national origins basis. I therefore naturally dislike the duty of issuing the proclamation and installing the new basis, but the president of the United States must be the first to obey the law."

COUNTY C. E. IN RALLY HERE

More than 100 members of Contra Costa County Christian Endavor Union gathered at a rally last night in the parlors of the First Christian church at Sixth street and Bissell avenue.

The convale was under the direction of Harry L. Searle, Jr. of Crockett, county president of the Union.

The meeting was opened with a banquet served for the leaders of the group. Howard Brown, state field secretary acted as toastmaster.

At 7:45 a devotional meeting was conducted under the direction of Rev. Aldis Webb, pastor of the church.

This session was followed by several conferences. The "Look-out" conference was led by William Lynch, state superintendent of the "Look-out" section of the Christian Endavor societies.

Prayer conferences were held under the direction of Louis Mathewson; social conferences by Mrs. H. C. Case of Berkeley; missionary conference by Earl Payne and a social conference by Howard Brown.

A question hour was held under the direction of Rev. Webb.

The conferences were followed by a social hour. Games were enjoyed and refreshments were served.

DEATH TOLL IN MINE BLAST NOW 41

PARNASSUS, Pa., March 22.—(AP)—The death toll from the explosion which shattered the Kinlock mine yesterday, mounted to 41 today and nine officials announced.

Sixteen others are missing and it is feared their bodies may be found in chambers which rescued workers thus far have not been able to reach. Mine officials are hopeful, however, that some of the 16 may have escaped and fled to report to company officers.

Tonight 24 bodies had been removed from within the mine and taken to temporary morgues set up in this mining city. There most of them awaited identification which was near to impossible because the bodies were so badly burned.

Six other bodies at least remain in the mine. They were found by rescue workers and have not yet been brought to the surface. One man died after he had been taken from the mine.

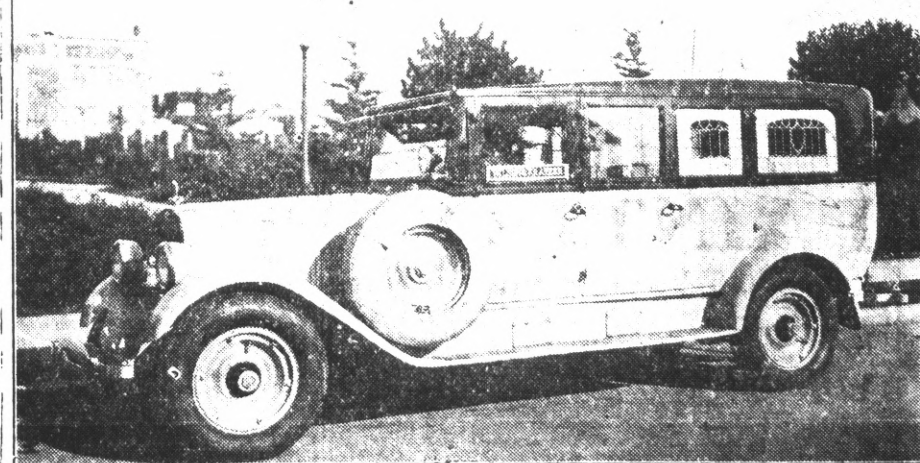

Meanwhile the full horror of the deaths became known today when Lawrence, Altoona, was brought out after remaining with in the poisoned air underground for more than 26 hours. He had kept alive by breathing through a burlap sack, which at intervals he dipped in a small pool of black muddy water.

Services For A. Papadakis Held Yesterday

Creek funeral services were held yesterday afternoon from the "Edmund" church for A. G. Papadakis, 48, 1118 Chandler avenue, who passed away Thursday. Deceased was a Richmond early maker and was the brother of Anthony Papadakis. Interment was in Sunset View cemetery, Berkeley.

KEYES CALLED IN HARDY TRIAL

LOS ANGELES, March 22.—UP—The Anne Temple McPherson kidnaping case in all its mystery entered the impeachment trial of Superior Judge Carlos S. Hardy today when not only the red-haired evangelist but two attorneys who prosecuted her in 1926 were called as witnesses in the assembly proceedings.

Former District Attorney Asa Keyes, convicted of receiving bribes in office, and Joe Ryan, once a deputy under Keyes, were included in the list of 21 witnesses brought here from Sacramento by Assemblyman Woolwine.

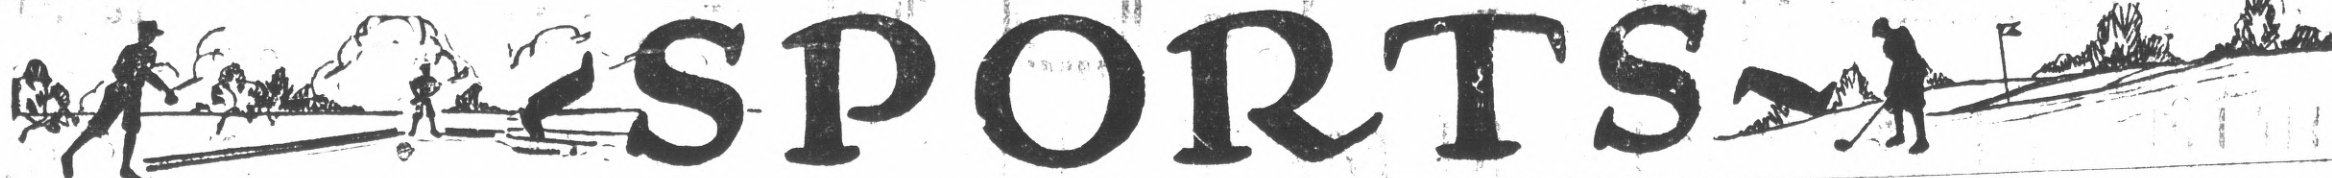

It was Keyes and Ryan who conducted an investigation when Mrs. McPherson returned to Los Angeles with her much-attacked story that she had been kidnapped by "Rodie and Steve."

Keyes will be taken from his county jail cell to the state capital on April 8 to be questioned concerning Judge Hardy's activities on Mrs. McPherson's behalf. About the time she was indicted by the county grand jury on a charge of obstructing justice, she was never brought to trial. Keyes himself, having asked dismissal, he will also be asked to explain why he never told the grand jury that he had in his possession the \$2500 check given to Judge Hardy by Angelus Temple, a payment that led to the present impeachment proceedings.

A. J. Schumacher Asks Divorce

MARTINEZ, March 22.—Albert J. Schumacher of Richmond today filed suit in the superior court for a divorce from his wife, Mrs. Fern Schumacher. Cruelty is charged. The couple married in 1927 and separated this month. Will Brown on 1 attorney for the plaintiff.

HIGH SCHOOL BASEBALL TEAM BEATS SAN LEANDRO

TAYLOR FANS TWELVE MEN

Coach Ivan W. Hill's ball hawks of the Richmond Union high school yesterday took the strong San Leandro team into camp by a score of 4 to 2 in one of the best games that the local boys have played this year.

It was a fast contest from beginning to end, with Hill's men showing that on occasions they can play Class AA baseball.

Taylor was on the mound for the local boys and he checked a whole of a game, allowing six hits, during the festivities and fanned 12 men.

Locals Score In First

"The Richmond squad scored two runs in the first inning of play. Page got up with two men out and smacked a short single. He was followed by Pinto who got a double, scoring Page. Roundtree then connected with a double that scored Page. Mayes followed with a walk and Wicks went out. Robello to Riles.

San Leandro came back in the first and scored one run. Van Fleet, first man up, drew a pass to first base. Wilson went out. Weeks to Roundtree. Mined followed with a single that sent Van Fleet to second. Dal Cino brought Van Fleet home with a double.

Scoring In Fourth

San Leandro tied the score in the fourth inning. Robello singled smartly and Pyles followed with a bingle. Brown hit a short one to score Robello.

Richmond came back in the fifth inning to score two runs to win the game. Taylor walked and San Miguel followed with a free pass. Gordon sacrificed to bring Taylor home and Pinto followed with a single that scored San Miguel.

Brown checked for the losers and struck out four men and walked five.

High Track Meet To Be Held Monday

The Richmond Union high school inter-class track meet will get under way Monday and Tuesday, according to Coach Eddie Caine.

For the first time in years the sophomore team is given a chance of annexing a victory. Warren, a sophomore, is a leg injury he found he was able to annex the day while the school should take the 800 sprint and Young is a sure thing to win the mile. Alberts is the best bet of the juniors in the mile while Freese, Bracco, Long and Hurley look good for the seniors in the jumps and hurdles.

San Pablo Nine To Meet Oakland Team Here Sun.

The San Pablo baseball squad will mix with the Chastor and Lyons team of Oakland Sunday afternoon at 2:30 o'clock on the 35th Street diamond.

Robins' New Skipper

GLENN WRIGHT
BROOKLYN'S NEW CAPTAIN AND SHORTSTOP

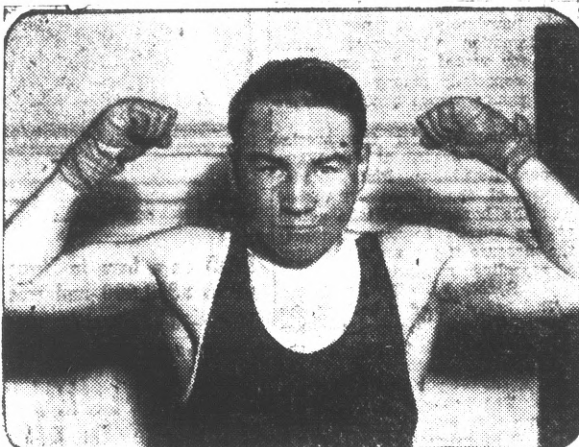

UNCLE ROBBIE WANTED A PLAYING CAPTAIN - THE AGED MAX CAREY IS NO LONGER ABLE TO CARRY ON

THE COACH AT THE U. OF MISSOURI SAID HE WOULD NEVER MAKE A BASEBALL PLAYER

Uncle Wilbert Robinson has long been trying to find a suitable active captain for his Robins. The aged Max Carey is through as a player of any dependability so in casting about for some one to take his place, Robbie hit upon young Glenn Wright, a player who did not go so well last year with the Pittsburgh Pirates but who was declared to be the best shortstop in the majors two years ago.

It is thought that the change of scenery and the new responsibility will work wonders with Wright and he will hit in his old time form.

Takes Decision

JIMMY McLARNIN, Coast boxer last night decisioned Ray Miller in a thrilling battle at the Madison Square Garden, New York City.

Bells Lose Second Time To Pirates

SAN FRANCISCO, March 22.—Another last inning rally gave the Pittsburgh Pirates their second victory in a row over the San Francisco Missions here today. The score was 4 to 2.

The Pirates had defeated the Missions Thursday with two runs in the tenth inning and they overcame a one-run lead in the ninth today when four hits scored three runs.

Grantham's home run in the ninth after Comorsky had singled was the decisive hit but it was followed a few moments later by Bartell's double which scored Stroman, who had also singled for Pittsburgh.

The Missions scored only in the third inning when Stude secured a four base hit off of Grimes, Pirate pitcher, and Brenzel, who had singled, advanced on Stroman's error and went home on a fielder's choice.

One run was made by the Pirates in the fourth. Fing singled, stole second, went to third on Stude's single and crossed home plate on a fielder's choice.

Line score
Pirates, 000 100 002 4 11 1
Missions, 002 000 000 2 10 1
Grimes, Frame, Spencer and Hummel; Phillette, Cole and Brenzel.

Other bouts all of which went to a decision were as follows:
George Brazleton welterweight defeated Elgin Moore, six rounds; "Kid" Avilino, featherweight, beat Johnny Norman, six rounds; and in the four round preliminaries Fom Corbett was the victor over Tommy Bennett and Sergio Itadam defeated Johnny Fox.

FOOTBALL MAY REPLACE BULL FIGHTING

SEWANE, Tenn., March 22.—(UP)—Football may soon replace bull fighting as the Mexican national sport, in the opinion of Dr. Niko Benoit, director of athletics at the University of the South here who recently returned from two weeks of football coaching at the University of Mexico in Mexico City.

"A football game between Mexico and the United States for the championship of the North American continent in 1930? Not at all impossible," Dr. Benoit said.

The famous coach of Southern football teams was sent to Mexico as the emissary of the National Collegiate Football Coaches Association at the annual meeting of the association in New Orleans last December.

"When I issued my first call for candidates I got the most wonderful turnout. I have ever seen anywhere," Dr. Benoit said. "The field was literally jammed with them."

"And they were the most enthusiastic bunch I have ever seen," he continued. "I ran them ragged and they liked it. The boys know absolutely nothing about football, but they were eager to learn. I laid the foundation for further coaching and taught them the fundamentals of the sport."

Everywhere Dr. Benoit found the Mexican people most cordial. "Why in three days they were treating me like a king," he said. After every practice the teams would get together and give three cheering cheers for "Coach."

"Watch those boys down there when they get going," he advised.

MCLARNIN IN WIN OVER MILLER

MADISON SQUARE GARDEN, March 22.—(UP)—Jimmy McLarnin of Vancouver event matters with Ray Miller, Chicago cartoonist and justified some four to one betting, handing his former competitor a thorough lacing before a record crowd of nearly 27,000 in Madison Square Garden tonight.

The fight was slow from start to finish and in no way justified the receipts of over \$111,000 which the Garden corporation took in for this last show of its indoor season.

Miller belied reports of his prowess as a knockout artist by holding and wrestling through-out most of the bout, covering up and giving the eager little Irishman, practically no chance to fight.

When they did exchange blows it was McLarnin who forced the fighting, driving his opponent about the ring and forcing him to dive into a clinch after the manner made unpopular by Willie Strubling of Georgia.

Miller scored a technical knock out over McLarnin in Detroit Nov. 20, and Jimmie entered the ring tonight with a huge scar under his right eye, a testament to Ray's left hook. But the same body was under tonight and Miller was as flat as one of the characters of his own comic strips.

Take One Round
The Chicagoan won only one round, the eighth, and this he scored with a few punches to the body which might have caused a stricter referee than Eddie Forbs to disqualify him. Miller was warned repeatedly for hitting low, his best blow being a left hook to McLarnin's waistline.

McLarnin's weight was announced as 138 3-4 and Miller's as 133 1-2.

Ice Cream Ad Found In 1777

BOSTON, March 22.—(UP)—The first ice cream advertisement in history appeared in the New York Gazette on May 19, 1777. It has been established through research work by the New England Association of Ice Cream Manufacturers.

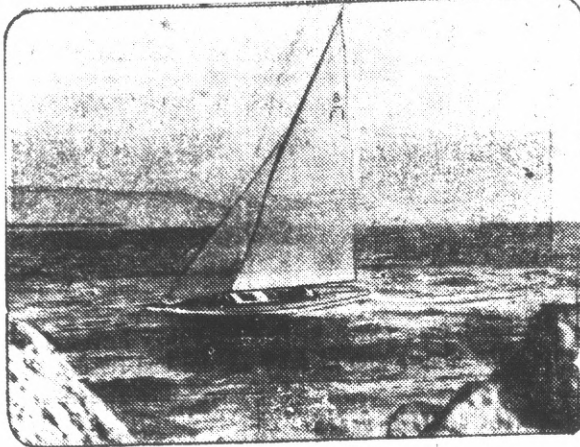

Inserted by one Philip Lenzi, styling himself "a confectioner from London," the advertisement stated that the new delicacy might be had at his shop "almost every day."

Three Brained Calf Arouses Interest

POYSIPPI, Wis., March 22.—(UP)—After the death of a two-headed calf which had aroused interest here for the two weeks of its life, a taxidermist discovered the freak animal had three brains. Two of the brains, one in each head, were normal. The third was smaller and was in one of the heads, back of the larger member.

RED HEADS TO LEAD GATOR TEAMS

GAINESVILLE, Fla., March 22.—(UP)—Captains of three University of Florida athletic teams for this season have to top off the list. Graduate Manager of Athletics, James R. Boyd, Jr., also boasts crimson locks.

Gus Penar, one of the leading collegiate tennis players in the country, and captain of the '29 net team, leads the group of red-headed Gator captains. Edgar Curry, co-captain of the boxing team, and runner-up last year for the Southern conference welterweight title, and Bill Duckwall, joint captain of the golf team, and holder of the state intercollegiate links championship, comprise the group.

Phone Bell Kayos Fighter

SYDNEY, March 22.—Norman Gillespie, prominent Australian boxer, has no use for telephones. At the Sydney stadium he was engaged in a contest with Jack Roberts, and was well ahead on points in the eighth round when a telephone at the ringside played its fatal trick. Gillespie in the excitement of the encounter, mistook the telephone bell for the gong, and dropped his guard. His opponent connected with a powerful right to the body and Gillespie was knocked out.

Thief Steals House Numbers

MOSCOW, March 22.—(UP)—A thief has been appealed to through an advertisement in "Izvestia" here to send a receipt for an accounting ruler stolen some time ago. The ad follows: "THIEF who stole at house number 126, Leningrad Road, in June, 1928, a Wichman accounting ruler, belonging to Dryer, a student of the Moscow Technical Institute, is begged to send a receipt to the following address: Moscow, Garahovskaya St. 16. The Trade Union committee refuses to give me a new ruler without such a receipt."

Shade Trees For Hogs On Ranch

PONCA CITY, Okla., March 22.—(UP)—An innovation in providing shade for hogs is being tried out on the 101 Ranch near here under the supervision of George L. Miller, one of the owners. Miller's shade wrinkle consists of cottonwood trees planted in the center of the hog pasture, circled with elms, which in turn are circled by catalpas, with a row of persimmon trees at the outer edge.

The shade will be in the form of a teepee, the tall trees in the center and the short ones at the edge.

CARTER GIVEN NOD OVER PRISTON

Jimmy Carter of Los Angeles was awarded a 10 round decision over Johnny Priston of San Francisco at the El Cerrito Athletic club last night. Priston fought a decisive fight throughout.

In the scheduled six round semi-windup, Tiger Parks of Oakland believed in the name and wound himself about Joe Adriansen of Oakland throughout the fight. In the fourth round the referee unwrapped Parks from around Adriansen and gave Adriansen the credit for a technical knockout.

Jimmy Brit of Berkeley knocked out Willie Field of Oakland in the second round in their six round battle.

Tommy Nunes of Oakland was given the credit for a technical knockout in the third round of his battle with Virgil Compton of Oakland. Compton is an old timer who is attempting a comeback.

In the curtain raiser Jack Venable knocked out Frank Limas of El Cerrito in the second round of their scheduled four round bout.

The fights were witnessed by a large crowd.

Santa Fe To Contest Award In Damage Suit

MARTINEZ, March 22. Steps were being taken today by the Santa Fe company to ask for a new trial in which a jury here yesterday afternoon awarded damages of \$24,000. Superior Judge H. V. Alvarado granted a stay of execution of 30 days.

The damages were awarded in the death of Mrs. Taza Hughes, Nichol school teacher, in an automobile accident at Nichols crossing on March 12, 1926, and the verdict also operates against Orville McKenney, treasurer of the team.

In the event a new trial is denied, the railroad company has indicated that it will appeal the judgment. The suit was brought by the husband, Albert T. Hughes, and two children, Forrest Hughes, 14, and Esra Hughes, 11.

The plaintiffs charged that the train crew was negligent in driving the train at a speed of 45 miles an hour over a crossing unguarded by a wig-wag signal. Since the accident, a signal has been installed.

Phil Carey, J. E. Rodgers and A. P. Bray were attorneys for the plaintiffs.

CITY FIGHTING PROPOSED RATES

(Continued from Page 1)

San Francisco, Oakland, Los Angeles, Seattle, Portland, Richmond. Steamship companies of the Pacific coast and the Southern Pacific Railroad company.

There remained in the north and attended the postponed session of the committee which is being held in Medford, Ore., today.

McVie was the first Richmond witness called to the stand, in an attempt on the part of the city to include it as a port of entry in the proposed rate change and to intervene in the hearing.

He pointed out to the committee that with the completion of the present wharf on the inner harbor, Richmond can be classed as a port of entry call for coastwise shipping. He introduced two letters from steamship companies which stated that they intended to make regular calls at the inner harbor wharf upon its completion.

Others Testify

The other representatives of Richmond were called to the stand and outlined the situation here, stressing the discrimination which will be in effect against this city in case the new rates are put into effect as asked for by the railroad company. They contended that Richmond was entitled to the same relief as the other ports mentioned in the application of the Southern Pacific.

After the completion of the hearing at Medford today, California will submit a brief to the commission setting forth the combined arguments of all witnesses for the city of Richmond. This will be sent to the Interstate Commerce commission in Washington before a final decision is made in the present hearing.

Foch To Lie Near Napoleon

PARIS, March 22.—UP—Marshal Ferdinand Foch, military hero of France and the entire world, lies in death beside the dust of his personal hero, Napoleon, in the crypt of the Invalides.

After the completion of the hearing at Medford today, California will submit a brief to the commission setting forth the combined arguments of all witnesses for the city of Richmond. This will be sent to the Interstate Commerce commission in Washington before a final decision is made in the present hearing.

It was definitely decided today that Foch's body, after the proper state funeral on Tuesday will be placed in a crypt in the church of the Invalides adjoining that in which Napoleon instructed the remains of Marshal Turenne to be placed after the revolutionist of 1793 had violated St. Denis and scattered the bones of kings of France among whom he had been buried.

Missing Escort Saves U. C. Girl

BERKELEY, March 22.—UP—An escort who was made conspicuous though absent saved Gladys Chaney, 20, coed of the University of California, from embarrassment when she was accosted by a strange young man early today.

"I have been following you for two weeks," Miss Chaney claimed the young man told her and tried to prevent her from entering the apartment house where she lived.

"You had better look out," the girl said, the replied, "my escort is right behind me." But she admitted to the police she was alone and the escort, though imaginary served the purpose excellently.

KRAFT CHEESE

TWO HANGED AT SAN QUENTIN PRISON

SAN QUENTIN STATE PRISON, March 22.—(UP) Thirteen condemned men remained in death row of this penitentiary tonight to hope that the state legislature would abolish capital punishment before they follow in the footsteps of two men who were hanged today.

Perry Coen and Samuel Thomas, a negro, were hanged this morning although the execution of Thomas was delayed half an hour in the hope of a last minute reprieve from Gov. C. C. Young.

For a week veteran police officers and friends of the negro had pleaded he was innocent. The policemen influenced Warden J. B. Holohan of San Quentin to request the governor to grant a stay of execution.

Thomas First

Thomas had been scheduled to go to the gallows beside Coen, who was sentenced to pay the extreme penalty for the murder of his sweetheart's parents with a crow bar. Witnesses were detained longer than usual just outside the death chamber and at 10:03 a. m. Warden Holohan appeared to announce that all precedent would be broken and Coen would be executed alone and first.

Approximately 100 men filed into the room. With a precision seldom before equalled Coen was up the 13 steps and the trap was sprung at 10:07. Fifteen minutes later he was pronounced dead. Witnesses left the room for five minutes and then returned to see Thomas drop through the gallows at 10:32 a. m. Pronouncement of death was made at 10:45.

Until Thomas was hanged a telephone connection between the prison and the governor's office at Sacramento had been kept open for an hour. The state executive had ordered a complete investigation of a story by Alfred Hufschmidt, Oakland contractor, just after midnight, that Thomas had been "framed."

Hope Fades

Defectives who questioned him failed to attach much credence to the contractor's story and all hope faded for the negro, who was convicted for the slaying of Rose Lewis.

The 13 men who bade farewell to the victims based their hopes for life mainly upon possibility of a measure now before the legislature to make life imprisonment the major penalty gaining approval. Four of them have failed in appeals and dates for their executions have been set.

They are Leon Fook, Tulare, April 5; Joe Troche, El Dorado, April 19; Alfonso Reilly, Los Angeles, and Allen Ellis, Fresno, May 17. Gordon Stewart Northcott, Riverside "murder farm" convict, is also in death row.

Letter Search Told In Suit

RENO, March 22.—UP—Exasperation of Walter P. Inman, wealthy New Yorker as he bent over a wastebasket in her boudoir and tried to patch together fragments of a letter he had written was lessened today in the divorce trial she is contesting.

The description of the prominent eastern society man delving into the receptacle for tiny bits of paper and treating them as a puzzle created amusement for the few privileged spectators.

Contents of the missive, which Inman's attorney's contended she had addressed to William Grant one of the correspondents named in the complaint by Inman were not divulged.

Lower Fares Asked

The representative from Berkeley, Charles Haywood pointed out that he believed the solution of the entire problem was the immediate lowering of street car fares. He stated that he believed this could be made possible by relieving the car company from the necessity of paying the streets between the tracks.

Fred E. Reed, member of the Oakland planning commission declared that in the long run the transportation must be paid for by the citizens, either through taxation or fares.

Reed stated that the lack of adequate street car facilities in Oakland had cost the city millions of dollars in business during the last few years.

Municipal Ownership

Mention of a municipally owned system was made by several speakers which brought up the question which has been under discussion in transportation circles for several years.

Opposition to the cities forming a district to purchase the Key System lines was strongly expressed by those questioned on the matter.

EAST BAY CAR SURVEY ASKED

(Continued from Page 1)

abandoning of lines "all to the financial benefit of the traction company without consideration of the needs or welfare of Richmond." He pointed out that he believed Richmond to have been hardest hit of any city in the east bay section by the abandonment of service in certain sections of the city.

The proposal for the survey to be financed by the cities of the area was made by E. E. Linticum, former secretary of the San Leandro planning commission, following a discussion of 16 proposals which had been given to the commission some time ago by A. J. Lundberg, president of the Key System company.

Condition Discussed

In the proposals made by Lundberg he set forth the condition of the transportation problem in this section and made the suggestions which he stated he believed would alleviate the situation.

Scott in speaking before the group stated that he believed that some of the proposals made by Lundberg might be tried out with a good chance of success. He especially recommended the suggestion that the street car company be relieved from paying between the car tracks, which is largely used by automobiles and gives no service to the traction company. Others at the meeting agreed on this proposal.

Alameda representatives scored the abandonment of three car lines in that city and stated that the practice of the company of abandoning lines to aid their financial condition was one that had hit that city in many sections.

Traver said that he was in favor of bus lines, but that he believed the company in substituting buses for street cars in Alameda had not provided adequate transportation for the city.

FARM LANDS INUNDATED BY FLOOD

QUINCY, Ill., March 22.—Flood waters, pouring through two wide breaks in the Mississippi river levee near here today spread over a vast area of rich farm lands planted with wheat, corn, and rice, causing great damage to crops and property.

The latest break in the East chute levee ripped away approximately 300 yards of dyke, flooding additional waters upon the rich bottomlands bordering the Mississippi and the East Chute Fork. The first break was in the Indian graves district.

More than 20,000 acres of land were under water tonight. The breaks, however, relieved the fears of farmers and residents at other points.

No Fatalities

No fatalities occurred in either break as families had been warned in advance and removed their household furnishings and livestock to points of security.

The city of Quincy is safe from extensive damage although factories along the water front were closed because of flooded basements.

Dams Weak

Fear that the levee nine miles north of Canton, Mo., might crumble was felt tonight, according to word received here. Fifty houses are under water and the button factory, electric light plant and the schools of the town were closed when back water extinguished furnace fires.

The high waters, fanned by a strong east wind, caused white caps to appear and the Gregory drainage levee was in danger of crumbling at any time. Several thousand acres of fertile land would be flooded in event of a break.

Elks In Plans For Big Easter Fete March 31

Plans for an Easter Sunday entertainment to be held March 31 at the First street ball park were discussed last night by the members of a committee from the Richmond lodge of Elks.

A ball game is planned for the afternoon with an Oakland team. George Shaw, manager of the Elks ball club will arrange for the game.

More than 2000 candy Easter eggs will be given to children in attendance it was planned. The event will be open to every resident of this city and no admission will be charged.
